Brass Angles for Trim

Product URL <https://signaturethings.com/angles>

Short Description: We can fabricate these in equal and unequal legs and in different wall thicknesses. We can fabricate them in 12'-0" lengths or smaller, and can cut them to any size and any finish. We can also drill holes in them for Screws if that is how you intend to attach them. Since there are many Variables to this product we will custom quote you the price based on your requirements and finishes.

Email us the requirements and we will get back to you ASAP.

Full Description:

SKU: Angles
