These are made on the latest CNC machines and carved out of 1 piece of High Grade Brass material. There are no joins, no welding, no casting, hence they are very strong. We can within reason adjust the Projection to a custom size too. Standard Center Rod Bracket are made of brass for durability and reliability. which are able to mount securely to ceiling or wall. You can use it to hang closet rods or tubing using the standard rod center bracket. These Closet rod brackets come in particular diameters, so match these with rods that have the same diameter. With this sturdy closet rod holder, you can provide additional support to your new or existing closet rods & brass tubing. These closet rod center bracket will keep your wider clothes rods from sagging and require no tools for installation. Our Brass closet rod center support bracket is crafted from high quality brass to keep it looking great for years to come.

Price is per bracket, you will need two brackets to install a Rod / Tubing...

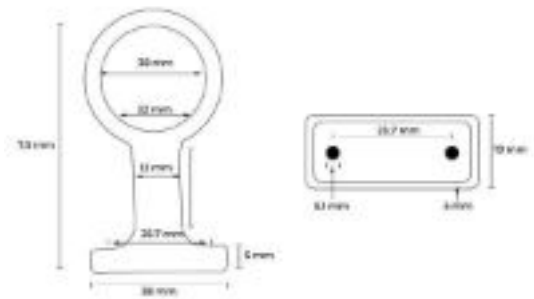

Full Description: Due to Supply Chain and Production Timing Issues, this product is available BUT only on Special Order for larger quantity in certain finishes. Please contact us for more detail. This durable and practical brass closet rod bracket provides stylish and sturdy hanging storage space for clothing in bedroom closets, or jackets in a coat closet at home or the office. our center rod support are excellent for closet hanging rod, bathrooms and laundry rooms, as well as other areas requiring extra storage. They can be used to hang curtains, towels, clothing, ties and belts. How long can closet rods go without support? Closet rods are available in custom lengths from 72" to 144" inches. When the beams are longer than 48 inches, a center support must be used. It is recommended to add additional closet rod supports if the closet rod will have to support heavy items (such as winter coats, suits, etc.). Features: They are made of heavy duty brass, sturdy enough to hold most of hanging objects at home. The pair of center support brackets provide stable foundation to support a curtain rod and closet rod. Complete the look with matching closet rods, curtain rods, curtain clip rings, and decorative curtain holdbacks (sold separately). Product Details: Hardware Material: Brass, Chrome, Oil Rubbed Bronze Material: Brass Mounting Location: Outside window frame; Ceiling Accommodates Closet Rod Diameter :- 1/2" Rod - 2 7/8" Overall and 2-1/2" from wall to center of loop. - 5/8" Rod - 3" Overall and 2-1/2" from wall to center of loop. - 3/4" Rod - 3" Overall and 2-1/2" from wall to center of loop. - 1" Rod - 3 1/8" Overall and 2-1/2" from wall to center of loop. - 1-1/4" Rod - 3-1/4" Overall x 2-1/2" from wall to center of loop. - 1-

3/8" Rod - 3-1/4" Overall x 2-1/2" from wall to center of loop. - 1-1/2" Rod - 3 3/8" Overall and 2-1/2" from wall to center of loop. - 2" Rod If you are using the Center support bracket as End brackets for closet rods. Like in a Lucite, Wood, or Brass Drapery Rod where the rod is extended past the center bracket. You should add the hole for set screw so you can secure the Rod with the Bracket with a small set screw, so that it does not move. Please note we do not provide the set screw. The Hole is drilled to accommodate a #8-32 screw. The Diameter is the Inner diameter of the bracket, So match it with the same diameter rods. Example, get the 1 1/4" D Bracket and 1 1/4" D Rods. Use this sturdy, metal, center support bracket to provide extra support to your new or existing projected curtain rods, closet rods & more, These twist in center closet rod support brackets will keep your wider curtain rods from sagging and require no tools for installation.
